

WASHING MACHINE DRAIN

This hose is specifically designed to withstand the heat and service life requirements needed for washing machine applications both in domestic and commercial use. It features an EPDM tube and cover with multi-spiral polyester construction which contributes to the hose's kink resistance and ease of use. Its flexibility makes it ideal for curves and bends.

RESISTANCE  
BRANDING None

Cover Color: Black
Oil Resistance: Limited
Construction:
Tube: EPDM
Cover: EPDM
Reinforcement: Spiral polyester yarn
Temperature Range: -40°F to +200°F
 -40°C to +93°C
Packaging: 50 ft. lengths – 1 per carton
